

Our standard mounts allow independent adjustment of pitch and tilt axis. The interface plate is custom designed to fit your specific projector chassis, providing full access for lamp changes and filter cleaning. Accommodates most projectors up to 250 lbs.

- Stable, low-profile design
- Quick disconnect / reconnect for service
- Tamper-proof hardware on pivot points
- Easy lamp and filter access
- Clear access through the mount head which accommodates a variety of pre-molded connectors
- Mates with 2" NPT pole - interchangeable with Display Devices accessories

A complete ceiling mount system includes:

- Structural mounting pan
- Pole - fixed or adjustable
- Locking rings
- Ceiling mount
- Interface plate
